

“Fantasy Football for Smart People: How to Dominate Your Draft” is an in-depth analysis of fantasy football draft strategy. The aim of the book is to provide advanced material for experienced fantasy football owners and “bottom line” analysis for novices. It is not a collection of player rankings or projections, but rather an assessment of various draft strategies and fantasy football tenants. It will provide a solid foundation from which you can improve as an owner to dominate your draft. I founded RotoAcademy and I write for the New York Times, NBC, and Dallas Morning News. I've also published fantasy football analysis in a variety of places over the years, including RotoWorld, Pro Football Focus, 4for4, rotoViz, RotoWire, RotoExperts, and FF Today. None of my previous content overlaps with what is included in the book; “Fantasy Football for Smart People” is entirely unique material that I am confident will be interesting and useful to you this fantasy season.

As Years Go By, Basic Physics Questions for GCSE: National Curriculum Edition, The Botanical Magazine, Vol. 2 - or Flower-Garden Displayed, Powerpoint Made Simple (Made Simple Series), Arresting Love (Wild R Farm Book 2), Writing & Reading Across the Curriculum, Brief Edition (4th Edition), First and Only: Callaghan Brothers, Book 2, Elizabethan Sea-Dogs: A Chronicle of Drake and His Companions,
