Every woman is given a power that can bring about change, growth, and the fulfillment of potential in the significant man in her life. And most men need encouragement from their women or they often sink into depression and hopelessness that saps their creative energy, dampens initiative, and destroys relationships. Norman Wright claims that a womans encouragement is more important than you realize. What happens when a man is not encouraged? A discouraged man ends up feeling hopeless, helpless, and handcuffed to his situation in life. Confidence is absent. Life is unfair, and the scales are constantly tipped against him. The pessimistic expectations he develops can set him up for failure. But a womans encouragement can make a vital difference in a mans outlook. Encouragement is letting the other person know, You matter to me. Encouragement is building up a person. Its focusing on any resource which can be turned into an asset or strength. In this book, Norman Wright will how you how to tap your potential to encourage. He shows you what works and what doesnt; when to talk and when to listen; what to say and what not to say, and the difference between encouragement and nagging. Wright offers real life stories of men and women who found creative ways to encourage each other-ideas that can work for you as well. How to Encourage the Man in Your Life offers practical guidance for understanding a man and encouraging him. Youll hear what other men have to say about the subject, what not to do, how to encourage him through sex and romance, how other women are encouraging their men, and the power of a womans prayers to inspire the man she loves. Stories of other couples experiences will help you apply proven principles of encouragement to your own situation.
